Total Wildlife	159
Companion Animals Rescued/Adopted	
Chickens/Ducks	2
Dogs / assist and rescue	9
Domestic Foxes	2
Cat	0
House Rabbits	3
Total Domestic Animals	16

2020..... What more can we say. It was the year of COVID 19. We had so many plans for open houses and great volunteer events. But with a pandemic and being safe we had to cancel most large events. We luckily still had our great team of fosters taking in babies for us as we dove into spring. Rescue never slowed down. We were able to field calls and help so many even with social distancing protocols in place. We were able to have a few small tours and offered a few small gatherings to share our little rescue. But in the most part, since we did not have volunteer days and were unable to have volunteers on location..... Randy & Nancy focused on animal care, repairing enclosures, finishing Dana's Retreat (getting it ready for 2021) and clearing land and planting flowers. So many good people supported the rescue with donations and now with the help of Jean & Jan we have an Auction Page where great items are posted for the public to support the rescue and have fun bidding. A big event was new fencing installed with the help of Illinois Valley Fencing and our friends Barb & Scott donating their time to install AND we have 2 new enclosures for raccoons and foxes thanks to Dave & Diana. 2021 will be a year to find new clever ways to share the rescue with the public AND save lives. 2nd Hand Ranch is so very thankful.
